

GREK

design Oscar & Gabriele Buratti

Table available veneered or lacquered, composed of a supporting frame 12 mm thick made in folding, in "sandwich" of MDF and aluminium-sheet pressed and glued together. Case structure in MDF 14 mm thick, and frontal panel 30 mm thick, with integrated pull-out drawer with mechanism "push&pull" on BLUM® runners.

Veneered version: only the top part of the supporting frame is veneered, in charcoal dyed oak, Stone Oak®, or in multilaminar wood Striped Grey, with acrylic painting finish; edge, bottom and drawer case always finished in matt black liquid painting.

Lacquered version: supporting frame, edge, bottom and case finished in matt black liquid painting. Floor support secured by adjustable black PVC tips.

Notes

Stone Oak®: this wood owes its particular coloring to an entirely natural process. Because of this, some slabs may look more brown than others. Our commitment is to provide you a high quality product; any differences in color should not be considered as defects.

Striped Grey: it is a decorative multilaminar wood veneer, always finished with a transparent acrylic painting, which features exclusive patterns reproducing the natural characteristics of wood. We would like to remind you that, being a natural and living wooden material, it may present non-homogeneous colour shades, which are peculiarities of the material itself.

On request an additional protective (acrylic solvent) painting is available for the Stone Oak® finishing only. It should be noted that this additional coating slightly changes the natural color and texture of the surface. Although this supplementary painting increases the surface resistance, it is still a natural material; therefore small superficial stains, due to oil or other substances, have to be promptly removed, before being absorbed in depth by the wood. Thus, we recommend regular care and maintenance.
