

TICINO

design Shibuleru

Stackable chair in solid ashwood, available in its natural colour or charcoal dyed, with a weaved seat in "emptied" plywood. The weaving of the seat is available with a cellulose cord in colours in the collection or padded with an expanded polyurethan sheet covered in a crylic fibre layers. Covered in fabric, leather or Cuoietto, as shown in the sheet below, and completely removable through divisible zippers. The support to the ground is secured through a plastic support with interchangeable feet (in black PVC or felt) depending on the floor.

Notes

Wood is a living material; therefore, it can have slight color and dimension changes. The presence of any non-homogeneous color shades is not to be considered a defect but a quality.

According to the product shape, some coverings cannot be used: please refer to the adaptability sheet in the "Materials" section of the website.

For leather coverings the "Leather A" or "Leather B" Maintenance Kit is included with the product.
