## SHELVING AND STORAGE SYSTEM.

### Materials

Uprights, stabilizers, supports, rods  
Solid steel, powder-coated (embossed black) or liquid painted (brass).  
Stainless steel adjustable feet.

Supporting frames  
Solid aluminium, powder-coated (embossed black) or liquid painted (brass).

Mirrors  
Solid steel, powder-coated (embossed black) or liquid painted (brass). Mirror installed on melamine-coated panel.

Hooks for rod  
Powder-coated (embossed black) or liquid painted (brass) aluminium.

Shelves  
High-density matt black wood fibres panels (CDF -class E1, CARB P2 / TSCA Title VI certified), finished with oil or coated in Fenix NTM® or veneered and then finished with transparent open-pore water-based or solvent-based coating. MDF (class E1, CARB P2 /TSCA Title VI certified), lacquered in matt Ecolak+ or Silcolak; tempered glass with polished edge; solid Corian®; marble / stone slats, treated with water and oil repellents.

Top  
High-density matt black wood fibres panels (CDF -class E1, CARB P2 / TSCA Title VI certified), finished with oil or coated in Fenix NTM® or veneered and then finished with transparent open-pore water-based or solvent-based coating. MDF (class E1, CARB P2 /TSCA Title VI certified), lacquered in matt Ecolak+ or Silcolak; solid Corian®; marble / stone slats, treated with water and oil repellents.

Cabinets  
Carcass and drawers in wood particle panels (class E1, CARB P2 / TSCA Title VI certified), black Sablè melamine-coated.  
Automatic push tip-on opening.

Shelf /covering top for cabinet  
Frame made of powder-coated steel (embossed black) or liquid painted (brass). Top in frosted smoky glass (inside part), tempered, polished edge.

### Elements in finish for cabinet

High-density matt black wood fibres panels (CDF -class E1, CARB P2 / TSCA Title VI certified), finished with oil or coated in Fenix NTM® or veneered and then finished with transparent open-pore water-based or solvent-based coating. MDF (class E1, CARB P2 /TSCA Title VI certified), lacquered in matt Ecolak+ or Silcolak; marble / stone slats, treated with water and oil repellents.

### Boxes with handle

High-density matt black wood fibres panels (CDF - class E1, CARB P2 / TSCA Title VI certified), finished with oil or veneered and then finished with transparent open-pore water-based or solvent-based coating.

### Kit divider for drawers

Frame in high-density matt black wood fibres panels (CDF - class E1, CARB P2 / TSCA Title VI certified), finished with oil.

### Drawer mat

Velvety microfibre, dove-grey.

### Pull-out shoe shelf

Frame in steel and powder-coated aluminium (embossed black) or liquid painted (brass).

### Trouser hanger

Pull-out tray frame made of powder-coated aluminium (embossed black) or liquid painted (brass). Anti-slip edge in thermoplastic material.

### Shirt shelves

Carcass and shelves in wood particle panels (class E1, CARB P2 / TSCA Title VI certified), black Sablè melamine-coated. Totally extractable drawer runners.
