

FRITZ HANSEN

STEAMER

The flowing lines of the Steamer deck chair are inspired by the curved lines of a cruise ship. The chair has an integrated footrest that folds up easily when not in use. Steamer is crafted from high-quality teak in a clean and light expression with functionality and comfort at the forefront of this Nordic archetype.

SPECIFICATIONS

Wood: New wooden, teak furniture has natural colour differences found in the freshly cut wood. Once the furniture has been exposed to the sun, these colour differences will even out. As a natural part of the aging process, the surface of teak will change when first being exposed to rain; this is the first stage of a process of wood that ages with beauty.
