

# FRITZ HANSEN

## PELAGUS

Pelagus has a graceful contemporary expression that sits lightly in nature and holds its own in urban environments. The collection is high on comfort and versatility. It is furniture that suits a lifestyle as diverse as that lived in urban cosmopolitans or far from the city and grounded in nature.

### PRODUCT TYPE

Chair/Armchair  
Counter/Bar Stool  
Lounge chair  
Sunbed  
High table  
Table

### ENVIRONMENT

Outdoor

### DESIGNER

Note Design Studio

### MODELS

Armchair

### MATERIAL

Wood: Teak (Untreated)

Textile: Sling

Metal: Powder coated aluminium (Textured),  
Powder coated steel\* (Textured)

### FEATURES

- EN 581-1: General Safety Requirements for outdoor furniture - Contract level
- EN 581-3: Mechanical Safety Requirements for outdoor tables - Contract level
- ANSI/BIFMA X5.5-2021: Desk and Table Products

### SPECIFICATIONS

#### Wood:

New wooden, teak furniture has natural colour differences found in the freshly cut wood. Once the furniture has been exposed to the sun, these colour differences will even out. As a natural part of the aging process, the surface of teak will change when first being exposed to rain; this is the first stage of a process of wood that ages with beauty.

\*Apply to High Table, 95 / High Table, 105 / Café Table

**Metal:**

Aluminium is a lightweight, non-corrosive and recyclable metal that is both strong and flexible. Powder coating is used as a metal finish on the aluminium surface. The dry coating process whereby pigments are applied to metal surfaces is cured with heat for a durable, protective finish. Fritz Hansen uses powder coating on chairs, tables, shelving systems and other furniture items.

Stainless steel is a durable, corrosion-resistant metal known for its strength and flexibility, making it an ideal choice for outdoor furniture. A powder coating is applied to the stainless-steel surface through a dry coating process, where pigments are adhered to the metal with heat, creating a long-lasting, protective finish.

**Textile:**

Sling textile is a water-repellent textile with high UV resistance, which makes it a good choice for outdoor use. It is made of 100% Woven Vinyl-Coated Polyester and is therefore very durable in changing summer weather and keeps the furniture seat and back from sagging.

**WEIGHT**

- Armchair: 6 kg / 13.1 lb

**COUNTRY OF ORIGIN**

Wood origin: Indonesia

**PACKAGING**

The units are shipped in cardboard box. All packaging material can be recycled.

**CLEANING AND CARE**

Find recommendations for cleaning and care at: [fritzhanzen.com/maintenance](https://fritzhanzen.com/maintenance)

**REPAIR, DISPOSAL AND REUSE**

In case of repair and disposal the units can be disassembled into parts. All parts can be recycled. Check local regulations for recycling options and whether there is potential for reuse.

**WARRANTY**

Fritz Hansen provides a five-year warranty on standard products against defects in materials and workmanship.

Additional warranty conditions can be found at: [fritzhanzen.com/warranty](https://fritzhanzen.com/warranty)
